THE QUESTION BOX:

AND PATRICIA KOKI

'Are You Satisfied With Student Council Programs?'

Darryl Imai (senior) " They were good.... As long as you have student participation, they will always be good."

Victoria Kekuokalani (senior) " Yes... They were very good, especially the Winter Ball and the Shindig program...They should have more Shindig programs because we get better relations with other schools and we bring out hidden talents of the students among us. With the participation of more students the student Government should have more activities."

Tex Flores (senior) " I'm satisfied with them. The Shindig was the best so far, In - viting quests from the different schools was a good idea. We should have more programs of this kind."

Gerald Tomihana (freshman) "They were good, they should have more."

Helen Kamiya (junior) "They were okay. Not to bad. But, they should something different like interclass trackmeet, or clean-up day, this way you get to know the other students better."

Amy Bresmyan (eighth grade) "They were real good. Since people I know are in it, it makes it more interesting. They should have more."
