SOPHOMORE CLASS SPONSORS "JANUARY MAGIC"

HAWAII HEART ASSOCIATION OFFERS SCHOLARSHIP GRANT

The Hawaii Heart Association is offering a grant of \$500 to each of three high school students, who will be selected to undertake cardiovascular research for a 10-week period this summer, working alongside an experienced scientist who will act as supervisor and instructor.

The summer undergraduate research training program is being initiated this year in an effort to encourage gifted science students to consider careers in cardiovascular research.

Applicants for the Hawaii Heart Association research program must be either a junior or senior; and must have some familiarity with laboratory techniques chemical, biological or physiological. Preference in selection will be given to students with a grade average of "B" or higher, and who have shown an interest in the sciences.

Students interested in the grant should request an official application blank from Dr. George W. Henry, Chairman, Research Committee, Hawaii Heart Association, 1018 Lunalilo Street, Honolulu 96822.

The letter requesting the application blank should include the student's full name and address, name and school of the science teacher of teachers most familiar with the student's work, and the name and school of the sponsoring science teacher if different from the above.

The completed application blank, along with letters of recommendation from sponsoring teachers and a transcript of grades must be returned to the Hawaii Heart Association before March 1, 1966.

Students will be selected by the Research Committee on the basis of an evaluation of the student's application, his academic record and information provided by his sponsoring science teacher.

Applicants will be notified of selection by April 1, 1966.

KNIGHTS A GO GO

Castle High School presented their annual production of Knights A Go Go on January 19. The performance was held in the gymnasium during study hall.

This colorful array of student talent featured Castle's own A Go Go dancers Amy Tom, Anna Kaupiko, Sarah Kihoi, Sandy Peterson, Mayben Naumu, Stephenie Kong, Naomi Cruz, Noreen Thompson, Faye Ford, and Gaylien Thompson. Rjoya Pokipala, Rose Marie Corpus, Betty Ann Torres, and Reginald Robello were featured vocalists of this program. A tap dance was done by Diane Johanson. Also featured were the two Castle bands, "Sir Luis Knights," and the "Stones Inc."

The cast of the "City Morgue" include: Lucinda Jewell, Janice Vasconcellos, Linda Simon, Rose Kalahiki, David Paaaina, Dennis Silva, Neil Kamoi, Roland Mediera, James Watson, Donna Len Wai, and Sandy Hendrick.

Renovation of classes

During the Christmas vacation, Castle High's Industrial Arts teachers held a workshop to plan on a new lighting system for Room 1 (Mr. Wakayama).

The first step in the renovation was made by the City and County during the vacation. The windows were tinted green and together with the lighting system, now gives the room a much brighter and cooler appearance.

The sophomore class will be holding a canteen on January 28, 1966 in the cafeteria from 3:00 to 5:30. The theme of dance is "January Magic." Admission for members is free and for non-members, \$1. There will be a court consisting of titles; Hansel and Gretel, Cinderella and Prince Charming, Goldilocks and the Three Bears, Tinkerbell and Peter Pan.

General chairman of the dance is Yoshiko Takeno; program committee is Karen Yogi and Yoshiko Takeno; invitations Edith Ikei; refreshments Jan Horikawa and Iris Kasashima; decorations Harriet Fukuda and Pamela Kondo; setting Larry Braden; entertainment, Ann Nakae; publicity Joan Yamashiro; supplies Martin Hee; budget Mia Izawa; doors, Elaine Suzuki and Oren Sugita; and clean up Clyde Kumabe.

Administration Hi-lites

In the last issue of Na Pali, I discussed the demands for new ways to meet the changing demands of society. As an example of this, something new will be added to our high school program next semester. For the first time, the high schools of Hawaii will offer Driver Education and Training on a system-wide basis.

For the beginning, the program will be offered to 10th graders who qualify. Classes will be held after school hours because our present schedule cannot accommodate them during the school day. There will be no fees charged, according to present plans. Proponents of driver education and training hope for a greatly expanded program in the future. Details of our program will be announced very soon.

Several states require Driver Education and Training in high schools.

best foot forward in '66

Dear Knights:

How many times have we told ourselves "I only wish I could begin all over again," or "If I could make a fresh start, you can bet I wouldn't be making the same mistakes?" Well, the old year has died and gone and along with it many of our problems and headaches. Old Man Time has again succeeded in bringing in another new year, all 365 days of it.

As we gaze into the future of 1966, do we want to see those same barriers that hindered our progress last year? Remember that handful of tardies to class, the F on your English term paper, and those below average grades in Math? Remember the misery?

It's true that we can learn from mistakes. Let us look back and sum up all our past errors. We should resolve never to make the same error more than once.

A glimpse of the past is sometimes not too pleasant but the future is whatever we want it to be. Whether it will turn out to be better or worse is for each individual to decide. What say we Knights put our best foot forward and really work to make this year one of happy, memorable times. Let's make it into our pride to make '66 a proud year for all.

"There is no time like the present."

Yours truly,

?

The Question Mark

Show some spirit

Knights! Many of you have not been reporting for cafeteria duty. Where's your school spirit? (Oh well, some of us have it and some of us don't.)

Mr. Kobashigawa says that there are approximately 260 students so far who had not shown up for cafeteria duty, and must make this up! Now, now, and don't tell me that you forgot. You're not that bad! So Knights, get on the ball and do your share of work at the cafeteria! Show some spirit!

By the way, did you know that according to the state school code, students must work at the cafeteria when his turn comes. A student may only be excused when he is ill or has a note from the doctor excusing him. And did you know that a student may be suspended for two days if he refuses to do so?

THOUGHTS of WISDOM

BKOC*

Attractive Melanie Chandler who hails from homeroom 45, stands 5'2" tall and weighs 117 pounds. She has green eyes and brown hair. Mel, which her friends call her for short is a mighty senior. She is a class representative and president of the drama, besides being over-all captain of the pep squad.

Her favorite foods are steak and chicken, her favorite colors green and yellow, and her favorite songs, Castle's "Alma Mater," and "Sound of Silence." Her past-times include water skiing and sailing.

Mel's ambition is to go to Colorado State College and to become an elementary school teacher; though she sometimes feels that she should pay her debt to her country by joining the peace corps.

Melanie was then asked what she thought of Castle High. Her reply was one of praise. "Castle has given me opportunities that I'm convinced no other school could offer me. Just associating with the wonderful kids here is a privilege. My school has given me knowledge, friends and inspiration. That is why I feel it's only my duty to support our atheletic teams and the swell guys on them. We have a terrific school and I will always be proud to be called a Knight."

Basketball Assembly

Castle High held its first basketball pep assembly on Thursday, January 6 in the gym.

Mr. Nakashima started off the agenda by welcoming the students back from Christmas vacation. The song and cheerleaders then introduced the players and coach Mr. David Pung. The team then showed the audience a few of the varsity's basketball skills. Mr. Ted Saito, the coach of the junior varsity said a few words about the team.

The band, headed by Mr. McCallum, played a few selections such as "Swinging Safari," and "Cotton Candy." The assembly ended with the singing of our alma mater.

Forensic Squad

The forensic squad has participated in three debates and two interpretive arts competitions thus far this year. They plan to attend two more speech tournaments before state finals.

On January 22, thirty students will travel to Waianae High School to participate in interpretive arts. Categories for competition are: interpretation of prose-humorous and serious, interpretation of poetry, storytelling, impersonation, and original oratory.

Practice sessions are held in room 38 during both study halls, in the morning, and after school.
