Senior Advisors

We have come to the end of another year, but this one we regard to be special. The Mighty Seniors are fortunate to earn two of the most handsome and hard-working advisors on the faculty. From the class officers and students we throw up our hats in praise to the following:

Introducing Mr. Robert Todd, a returnee science teacher in room 14C. He got his B.S. degree at King's Teacher's College in New Hampshire with a year of graduate work at the University of Hawaii in the field of educational television. He has taught in American Samoa, and on the island of Kauai.

The valuable service our advisors has rendered to our Senior Class, replacing our previous advisors, Mrs. Virginia Hood and Mr. Clarence Watson, has been tremendous. Taking over during the second semester has not been easy.

Through the fun and hardships, both advisors have been there to show us the light.

Mr. Todd and Mr. Moritsugu, the SENIOR CLASS OF 1966 salute you.

Senior Counselor

Seniors:

I wish for this farewell message that I had been the first to

say that, "There are several classes of young men. There are those who do not do all their duty, there are those who profess to do their duty, and there is a third class, far better than the other two, that do their duty and a little more. There are many great pianists, but Paderewski is at the head because he does a little more than the others. There are hundreds of race horses, but it is those who go a few seconds faster than the others that acquire renown. So it is with the young and old men who do a little more than their duty. Do your duty and a little more, and the future will take care of itself." Andrew Carnegie said that.

Or perhaps as you leave Castle these words would have been appropriate. "This is not the end, this is not even the beginning of the end. This is just the end of the beginning." Winston Churchill beat me to those words.

And then there was Robert Noonan who said, "To the graduating class, I bequeath the good advice that I gave the students of former years. It really is as good as new, for very few have ever used it."

Finally, seniors, you have only about 47 years or 12,000 working hours at your disposal if you graduate at the age of 18 and plan to retire at age 65. So you'd better get busy. I said that.

Best wishes.

Allan B. Lehmann
Senior Counselor

Best Wishes from D. Teshima

As the school year draws to an end, you will be leaving the familiar campus of Castle High School and be experiencing a new phase in your life. It will be difficult to leave a scene that you have become so well acquainted with, for a future that is strange. However, the experiences that you have gained here at school will reflect upon your future and the building of a better world.

In closing, may I extend my sincerest wishes for a happy future.

Best wishes,
Diane Teshima
President

IN MEMORY

The Class of 1966 has been saddened by the death of a fellow classmate, Donald Bert Cloutier.

June 4, Commencement Day, was to be a big occasion for Donnie, as well as for his two brothers, Ronnie and Larry. But Donnie won't be at Commencement on June 4. Donald Bert Cloutier died on May 16, 1966, a few weeks before the Commencement Ball and graduation.

Donnie Cloutier was among the most spirited of seniors, popular and well-liked. He had so much to give the world and the world had so much to offer him. He will surely live forever in the hearts of all who knew him.

Forensic Frenzie By Cecilia Hunt

The Forensic Squad. What is it? It is a separate entity from all other organizations. What does it do? Everything. It goes to other schools such as Kamehameha, St. Louis, Iolani, and Punahou, to debate. We also do Arts presentations, in every conceivable type of media. The Art categories are: original oratory, interpretation (humerous and serious) of prose or poetry, storytelling, and impersonation.

Our Squad numbers thirty-three. The ones who participated this year were: Bill Tennent, Judy Coyaso, Bernie Lono, Cecilia Hunt, Roen McDonald, Charlene DeMello, Michelle Hetteema, Deborah Park, Ember Lee Chung, Laura Ajifu, Clifford Fukuda, Ben Nagata, Sandra Oda, and Kris Kuhn.

I have urged many people to join the Squad. The few that have joined usually come to me after a few weeks and state that it is a whole, completely new, different world from the old one b.j. (before joining) and wonder how they could ever consider any other course of action. The ones who tell me this are the ones who will turn out to be the ideal of the Forensic Squad. They will devote every waking hour to it as if to a fanatic religious cult. They are the persons who will seek to be individuals, not for the sake of individuality, but because they think for themselves. They know the true values of life--happiness over all else, and to them, working for the Squad is Happiness.

The Squad has done much for Castle as had its advisor Mr. Daniel L. Aquino. It is little known, but we are ranked as third best school in the state, as a whole, in both debate and arts. We are comparatively small, so this is unusual because we have limited material to select from. The only two schools ahead of us are private: St. Louis, and Kamehameha.

Speech is one of the most important things in our lives. It is the means of communication between people. That and English should be the two most important (non-scientific) subjects in school. Speech should be a required course. If it was, it would benefit everyone immensely, not to mention our Forensic Squad which would probably be State champions in all categories if this happened.

That is the Forensic Squad. I am a bit daft over it, but it is worth being daffy about.

Jeannette's Farewell

Wasn't that a neat Senior Luau? Everyone was winning so many prizes in the drawings, and me, being the lucky one, won a column in the Senior Paper.

At the time, all I could say was, "Hurrah"; not very enthusiastically, I must admit. Then I had to sit down and think of what to write about. First I thought about Mr. Bright, but then everyone knows about Mr. Bright, and I wanted to write about something special. I love Mr. Bright, and without him, my senior year would have been a flop! Now look at that! I wasn't going to write about Mr. Bright, but he still snuck into my column.

Then I was going to write about the football team or the track team (with a picture of me on the top, of course). But --oh, well. After more thinking, I was settled on school spirit, but being female, I changed my mind again. I'm running out of space so I'll skip the topic I finally decided on and get to the one I finally, finally decided to write about. Some of you know where I live now, but some don't. At any rate, it's very far from Kaneohe and Castle, my favorite school. So, I would like to use my column to say good-bye to my many senior friends before I graduate. I probably won't be seeing most of you after June and I wish all of you a very happy and successful future.

Special Aloha to:

Mr. Bright: my own true love
 Mr. Charles Chong: my elevator rider

Mr. Sakamoto: my friend!

Mr. Lemn: who always says "Hiya my girl" whenever I see him.

Mrs. Ovio: my favorite female teacher

...and special friends

Richard, Mahual, Tweetie, Dennis, Jill, Jo, Judy, Anna, Joey, David, Mel, Mimi, Jim, Daryl, Fred, Milton, Larry I can't forget the Detol brothers, Charlie, and the other Charlie, Cock-a-ran, and everybody else I can't think of right now.

Good-bye
 Seniors!

A Senior

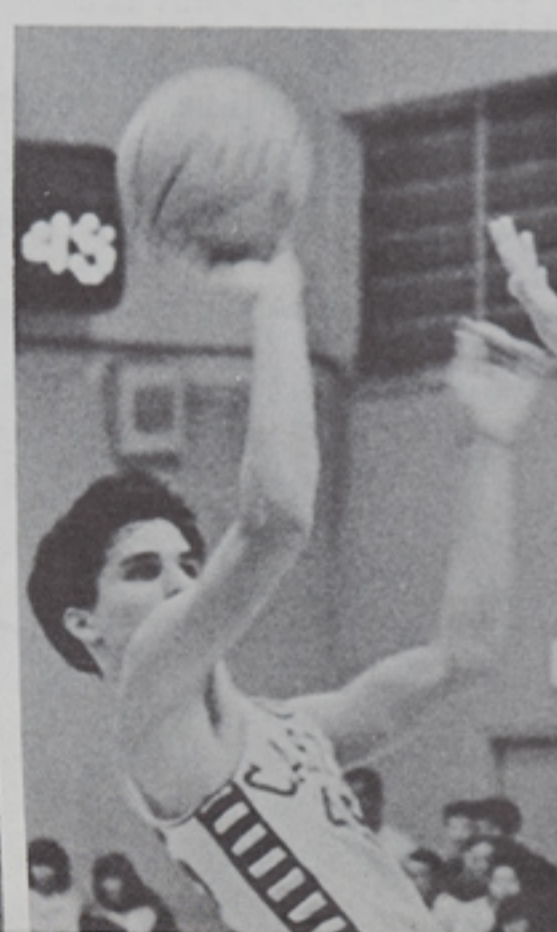

P.S. Just because I said good-bye doesn't mean you can't come visit me in Hawaii-Kai

Serving his one year term.
Little Momotaro
Or WAKABAYASHI-san
Is the last of my list of

So I am finally done.

But have no fear if your

Be bright and cheerful and
gay,
For not long from now it'll
all be heard
On GRADUATION DAY.
